TURBO

THE NATION'S NO. 1 AUTHORIZED TICO DEALERSHIP

Sales, Leasing, Servicing and Warranty of American-made Terminal Tractors

Turbo Sales and Leasing is a full-service dealership for sales, leasing, servicing and warranty protection for a wide range of terminal tractors and trailer equipment. The company also is the largest TICO dealer in the United States for sales and leasing, service and warranty of American-made terminal tractors.

An Expansive Campus and Facility

Turbo's 20-bay, 48,000 square-foot facility is located on a 65-acre campus with plenty of room for display and storage of terminal tractors and trailer equipment. We also house one of the nation's largest inventories of parts for all brands of terminal tractors. Based less than an hour north of Atlanta in Gainesville, Ga., Turbo Sales & Leasing features a full-service warranty department for maintenance, refurbishment, parts and repairs for our customer vehicles.

AUTHORIZED **TICO** DEALER

A Longtime Tradition in the Transportation Industry

After over four decades in the trucking industry, Turbo Sales & Leasing has grown from a truck repair shop into a national terminal tractor and trailer dealership. Still, the company remains family owned and operated with a focus on personal service. CEO Jim Syfan and his family are well-respected as an “American tradition in transportation” with over four decades in the industry and longtime involvement in numerous professional associations and charitable causes.

Our Operations

Turbo Sales & Leasing supports its sales and leasing customers with full maintenance, warranty service, parts and repair for their terminal tractors and trailer equipment.

Our Experience

Our 50-member team includes service technicians who are certified in Automotive Service Excellence (ASE) with an average of more than 10 years of experience. ASE is the top certification awarded by the National Institute for Automotive Service Excellence.

ASE is the top certification awarded by the National Institute for Automotive Service Excellence.

“I would like to thank all the staff at Turbo. You guys have been very responsive to all our mechanical needs, and always have a spare truck for us if needed. Thanks again for all you do. We couldn’t be happier with the working relationship we have with each other.”

Jamie Moody, Live Haul Manager
Mar-Jac Poultry, Gainesville, Ga.

TURBO PRODUCTS AND SERVICES

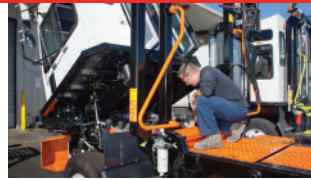

An All-American Company Selling Top U.S. Quality

Turbo Sales & Leasing sells and leases quality terminal tractors – both new and used. From parts to labor, our company's primary product line, durable TICO Pro-Spotter tractors, is all manufactured in the United States.

About TICO

Like Turbo, TICO is an all-American company and one of the country's fastest-growing manufacturers of terminal tractors. Its success comes from real-world experience as the largest fleet owner and operator in North America with more than 1,500 tractors operating every day. In fact, TICO is the only terminal tractor manufacturer that actually operates its own equipment – and it is tested every day in the

toughest of conditions. TICO is based in the port city of Savannah, Georgia.

The TICO Pro-Spotter

The TICO Pro-Spotter is solid, durable and competitively priced. These terminal tractors are known for quality construction with galvanized bodies and frames that are never pieced together like other competitors' equipment. Built for a 15 year-plus life span, the Pro-Spotters save considerable money over the long run.

Cummins Dealership

**Crafting Legendary Engines for
Applications Around the Globe**

Turbo also is an authorized Cummins dealership for terminal tractor warranty work and repair.

TERMINAL TRACTOR SALES & LEASING PROGRAMS

Rugged Durability

Terminal tractors are the workhorses at warehouses, ports and rail yards across the country. Their maneuverability – the ability to quickly attach a trailer and move loads back and forth within tight confines – is perhaps their greatest attribute.

Known for their rugged durability, these vehicles go by various nicknames such as Yard Dogs, Yard Goats, Mules, Spotters and Jockeys.

With an inventory of over 250 terminal tractors on-site, Turbo is always ready to sell or lease your next TICO or other tractor brand.

Innovative Rotation Leasing Program

Turbo sells and leases TICO Pro-Spotters as well as other terminal tractor brands.

At the heart of our leasing program is our popular **New Every Two** leasing plan. Focusing on maximum uptime for our customers, we replace each terminal tractor in this leasing program with a new one on a two-year cycle.

Preventative maintenance and back-up terminal tractors are two key aspects of our leasing programs. We equip each of our leased tractors with **Geotab GPS tracking devices** to inform us at any minute of potential maintenance issues. Our No. 1 goal is to prevent downtime from any terminal tractor in operation with our clients.

TURBO

New and Pre-owned Trailer Sales & Leasing

Turbo also sells and leases a wide assortment of quality reefers (refrigerated trailers), dry vans, and flatbeds. Short- and long-term leasing arrangements are available in addition to Turbo's sales financing program.

Fleet Maintenance for Our Customers

Turbo operates a 20-bay Fleet Maintenance Center dedicated to on-site preventative maintenance and servicing of customers' terminal tractors.

Massive Inventory of Parts for All Terminal Tractor Brands

From lug nuts to engine bearings, Turbo carries an expansive inventory of terminal tractor parts to handle all service needs and warranty protection for all brands. The wide selection includes Cummins parts for warranty service and repair for TICO and other brand-name terminal tractors, trailers, reefers and dry vans.
